Chair | Lounges | Sofa | Cafe | Pouf

Our Founder

Mr. Prashant Garg

VISION | EXPERIENCE | TRUST

"ERGO SPACE was built on a simple belief—that the spaces we work in should work for us. Ergonomics, for us, is not merely about designing comfortable furniture; it is about understanding people, their movements, their needs, and the way they experience a workspace every day.

We believe that good design should create a balance between people and the space they inhabit—supporting well-being, encouraging productivity, and making every interaction more natural. At the same time, we have a responsibility to ensure that the spaces we create today do not compromise the world we leave behind tomorrow.

For us, sustainability means thinking beyond the product—choosing responsibly, designing for longevity, reducing waste, and creating solutions that remain relevant over time. Every ERGO SPACE solution is therefore an expression of our commitment to people, purpose, and the planet.

Our journey is about creating workplaces that are not only designed for today, but thoughtfully designed for tomorrow."

ERGO SPACE®
PLEASURE AT WORK

Eco-Conscious

PEOPLE | PRODUCTS A GREENER TOMORROW

ErgoSpace is committed to designing furniture that blends innovation with responsibility-where comfort meets conscious living.
Crafted using recycled materials and eco-conscious processes, every piece reflects our dedication to reducing environmental impact without compromising on style or durability.

Our focus on sustainable practices ensures that each product supports not just your workspace, but also the world around you-making ErgoSpace the smart choice for forward-thinking, environmentally aware businesses.

SUSTAINABLE MATERIALS

LOWER ENVIRONMENTAL IMPACT

A SMARTER TOMORROW

Thoughtfully designed spaces. Built for people.

OFFICE FURNITURE MANUFACTURER

About Us

ERGO SPACE is a leading ofice furniture manufacturer, creating intelligent and flexible workspace solutions for modern businesses.
